## Settings

The screenshot shows the 'Calendar Notes' application window. On the left is a calendar for August 2023. Below the calendar are tabs for 'TASKS', 'DOCS', and 'SEARCH'. The 'SEARCH' tab is active, showing a search bar with 'test' and a 'GO' button. Below the search bar is a list of tasks. The main area is titled 'NOTES' and contains a large text editor. On the right is a settings panel with sections for 'DATABASE -', 'THEMES -', 'EDITOR -', and 'EXPERIMENTAL -'. The 'DATABASE -' section has a radio button for 'SQL Lite (Local DB)' and a text input for 'calendarnotes.db'. The 'THEMES -' section has a dropdown menu set to 'Default'. The 'EDITOR -' section has a checkbox for 'Spell Checking'. The 'EXPERIMENTAL -' section has a checkbox for 'Documents'. At the bottom of the settings panel is an 'APPLY/CLOSE' button. At the bottom of the application window are buttons for 'SAVE', 'EDIT', 'MARKDOWN', 'SIDE-BY-SIDE', and 'REVERT'. Two blue callout boxes with arrows point to specific elements: one points to the 'calendarnotes.db' text input, and the other points to the 'APPLY/CLOSE' button.

Calendar Notes

( AUGUST 2023 ) )

sun	mon	tue	wed	thu	fri	sat
